- ⑤ Power button
- ⑥ Wireless Charge

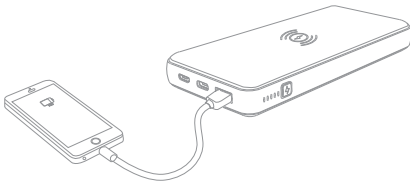

**Warning**

1. Please keep UC200DW away from fire and high temperature environments.
2. Please use a certified adapter to re-charge your power bank.

**How to Use**

Using Your Power Bank to Charge Devices

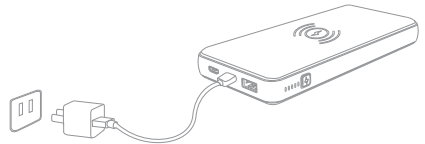

Plug your device directly into either the female USB port or the Type-C PD port. If there is power draw from your device, the power bank will automatically turn on. If not, press the power button to turn it on. If the LED indicator is green, the fast charge function is in effect.

For any customer service inquiries, please visit [ChargeTech.com/support](http://ChargeTech.com/support). You can also email [customerservice@chargetech.com](mailto:customerservice@chargetech.com) or call 888-250-8756 between the hours of 8 AM and 5 PM Pacific Standard Time.

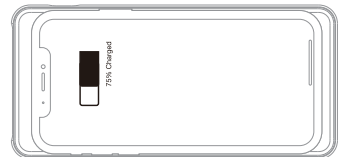

**Re-Charging Your Power Bank**

You will need a wall adapter and/or charging cable to re-charge. Plug your charging cable directly into either the Micro-USB port or the Type-C PD port. If the LED indicator is green, the fast charge function is in effect.

**Wireless Charging**

You will need a wall adapter and/or charging cable to re-charge. Plug your charging cable directly into either the Micro-USB port or the Type-C PD port. If the LED indicator is green, the fast charge function is in effect.
