

627

Power Station

CT-600024T

A rugged, portable power station offering maximum compatibility.

- **A Wall Outlet on the Go**

Never again need to hunt for a wall plug. The 627 Power Station provides a 100W AC outlet wherever you need it.

- **Faster Charge & Recharge**

The bidirectional 60-watt PD port can fully recharge the 627 in approximately 2.5 hours. This port also provides ultra-fast charging for phones, laptops, and other USB-C compatible devices.

- **Maximum Compatibility**

With its full range of output ports including PD, USB-A, and 100W AC, the 627 is capable of powering phones, laptops, tablets, TVs, radios, lighting, and virtually any USB-compatible device.

- **Premium Long Lasting Battery**

Powered by premium, high-capacity lithium-ion cells.
