

## S-SERIES

# 30-Bay UV-C Charging Cart

## CT-300099SS

This charging cabinet can charge, store, and disinfect up to 30 devices simultaneously.

- Simple One-Touch Control

Only a single button is required to activate both the charging and disinfection cycles. The user can customize these cycles or set them to continuous, smart-charging mode, which prioritizes devices with the lowest remaining battery.

- Charge Multiple Devices At Once

The charging feature can be set at hour-long intervals between 1 and 24 hours. Holding the power button for 3 seconds activates continuous charging mode, which keeps supplying power to the devices.

- Safety Features

The cart's intuitive cooling system prevents overheating, provides voltage protection, and shuts off the open-door UV-C light.

Capacity  
30-Bay Cart

Weight  
159 lbs

Dimensions (W x H x D)  
26.2" x 43.37" x 21.7"
