40-Bay UV-C Charging Cart

CT-300103SS

This is the second generation of our most popular charging cabinet, which can charge, store, and disinfect up to 40 devices simultaneously.

- **Simple One-Touch Control**

Only a single button is required to activate the charging and disinfection cycles. The user can customize or set these cycles to continuous, smart-charging mode, prioritizing devices with the lowest remaining battery.

- **Charge Multiple Devices At Once**

The charging feature can be set at hour-long intervals between 1 and 24 hours. Holding the power button for 3 seconds activates continuous charging mode, supplying power to the devices.

- **Safety Features**

The cart's intuitive cooling system prevents overheating, provides voltage protection, and shuts off the open-door UV-C light.
